Letter from the Secretary to Government of Orissa, Health and Local Self Government Department, No 22 LSG dated the 2nd January 1947

---

Training of one Assistant Engineer of Orissa in Town Planning

---

I am directed to say that the Government of Orissa have as a measure of post-war development and reconstruction, undertaken town planning and town improvement of their towns which have had a haphazard growth with insanitary and slum areas There is at present no Director of Town Planning or an Expert Town Planner to take up the measures in connection with the improvement of the towns At the request of the Government of Orissa, Mr B R Nagal, the Chief Town Administer of Tatas, Jamshedpur, has been good enough to advise Government that a senior Assistant Engineer of the Orissa Public Works Department be selected to undergo training for a period of three months-one week in Jamshedpur, three weeks in Gokhale Institute of Politics and Economics, three weeks in Bangalore under Mr Koenigsberger in preparation of Master Plan, remodelling of villages etc, three weeks in Hyderabad (Dn) under Mr Fyazuddin and two weeks again in Jamshedpur This short course of training in Town Planning in the above institutes is considered by Government suitable to meet the immediate requirements till better suitable arrangements are made

2 Government have been pleased to select B Padhi, a senior Assistant Engineer of Orissa Public Works Department to undergo training as mentioned bove The Government of Orissa will be grateful to His Highness' Government for facilities to Mr Padhi for short training under Dr Koenigsberger for three weeks If the Mysore Government so agree Mr Padhi will be directed to report to Dr Koenigsberger for training in preparation of Master Plan, remodelling of villages etc , as soon as he completes his training for a period of three weeks in the Gokhale Institute

Re-submitted to the Chief Engineer (R&B)

The proposal of the Govt of Orissa is to be welcomed, particularly as it is meant to be a receprocal scheme, i e, we shall be able to send some of our Engineers for a similar course of training

The period of 3 weeks is very short for the study of so complex a subject as Town Planning, but I shall try to teach Pachi as much as possible during his short stay in my office
